Personnel Safety

It is the customer’s responsibility to make the grain or stowage area accessible on all types of carriers. It is the customer’s responsibility to ensure that doors/lids are safely accessible and in proper working order. MIGI personnel will not open or close doors/lids if their safety is in jeopardy. There must be a minimum of two (2) people in visual line of sight of each other at all times, this can be one (1) MIGI employee and one (1) customer employee. This is to render aid if needed and could be to call for assistance. If fall protection is available railcars must be located under said fall protection prior to MIGI providing any service(s) accessing the top of the railcar.

Weather Policy

MIGI will adhere to the following inclement weather policy: Sampling and stowage examination requests may be delayed or dismissed when any of the following conditions exist: High winds or rainfall that create conditions which are either dangerous to employees and/or degrading to the grain being sampled, lightning, snow and/or ice and any other weather related and/or facility related specific conditions that could put the MIGI employees providing the service in jeopardy. Adequate lighting must be provided when onsite services are requested after sunset.

Mileage Rate

The IRS standard rate will be assessed for all services on a portal to portal basis. Any change to the mileage rate will become effective when the IRS standard rate changes. Mileage will be prorated when possible.

Official Commercial Inspection Services are offered and will be negotiated on a case by case basis.
